

Session Description:

With the ever-changing rural health care landscape, sometimes it's difficult to keep up. The Beatles said it best... "Oh, I get by with a little help from my friends." This session takes that approach to the next level! Our friends from the Maine Rural Health Research Center, Lilypad, National Association of Rural Health Clinics and Stroudwater Associates will combine their vast expertise and knowledge providing "a little help" for participants to better understand the Rural Health Clinic (RHC) reimbursement change that went into effect April 1, 2021. This panel discussion format web session will provide ample time for questions and answers!

If you already have questions, please email them to Tammy Norville (tammyn@nosorh.org). Otherwise, come prepared for an energetic and engaging dive into these new requirements! See you there!

WEBINAR
