

Ending the HIV Epidemic in Missouri Community Engagement Forum Events

2022 Save the Date

Please join the Missouri Department of Health and Senior Services (DHSS) at an upcoming community engagement forum to discuss and inform the efforts to end the HIV epidemic by 2030. DHSS and the Ending the HIV Epidemic (EHE) partners want to hear the barriers encountered to prevent, diagnosis and treat HIV and understand how to improve services. Each event will include a presentation on the current Ending the HIV Epidemic activities and encourage candid feedback to end the HIV Epidemic in Missouri together.

Have questions? Feedback to share? Want to get involved? Email: EHE@health.mo.gov.

Please share this information! We want to hear from persons with HIV, those at risk of contracting HIV, community members impacted by HIV, local care and prevention planning bodies, stakeholders from organizations currently implementing HIV prevention and care programs and other community-based organizations, local health departments and federally qualified health centers.

Thank you for your feedback and participation!
